

**NEW YORK STATE IMMUNIZATION  
INFORMATION SYSTEM (NYSIIS) DATA**

This data indicates the continued growth of the New York State Immunization Information System (NYSIIS); also known as the immunization registry. NYSIIS is a confidential, secure, web-based system that maintains one consolidated immunization record for persons of all ages in New York State (outside of New York City).

**Children less than 6 years of age with two or more immunizations recorded in NYSIIS  
October 2009 – September 2010\***

**Health care providers who immunize children and are participating in NYSIIS  
October 2009 – September 2010\***

\*Note: Provider participation numbers were only run periodically based on internal reporting needs and are not able to be run retrospectively. Given the rapid enrollment of new providers during the Fall 2009 H1N1 vaccination campaign, the data were run monthly.

The figure and accompanying table tracks NYSIIS participation by health care providers who immunize children. Eighty-nine percent of known providers are currently participating and our goal is to reach 90 percent by the end of 2010 through continued communication and outreach, training and education, and technological support.

IMMUNIZATION  
DATA

NEW YORK STATE IMMUNIZATION INFORMATION SYSTEM (NYSIIS) DATA

Children less than 6 years of age with two or more immunizations recorded in NYSIIS.

\*Health care providers who immunize children and are participating in NYSIIS.

Month (2009)	Number of Children	Percent	
		(Denominator = 2009 Claritas Population Estimate of Children <6 in NYS excluding NYC = 754,752)	
Oct-09	530,591	70.30%	
Nov-09	546,440	72.40%	
Dec-09	562,290	74.50%	
Month (2010)		Denominator = 2009 Claritas Population Estimate of Children <6 in NYS excluding NYC = 754,752	Denominator = 2010 Claritas Population Estimate of Children <6 in NYS excluding NYC = 758,321
Jan-10	573,392	76.00%	75.60%
Feb-10	578,895	76.70%	76.30%

Jul-10	3,645**	3,171	87%
Aug-10	3,733	3,249	87%
<b>Sep-10</b>	<b>3,736</b>	<b>3,327</b>	<b>89%</b>

\*Note: Provider participation numbers were only run periodically based on internal reporting needs and are not able to be run retrospectively. Given the rapid enrollment of new providers during the Fall 2009 H1N1 vaccination campaign, the data were run monthly.

\*\*Total providers known to NYSIIS is a dynamic number. Increases occur as new providers are discovered. Decreases occur due to data cleansing activities such as duplication, permanently inactivating practices (i.e. retired, out-of-business), deactivating H1N1 only practices, etc.
